

“The teaching has opened my eyes to a whole new dimension of ministry” Pastor Julio

Bolivia

A shaman's incense waves in the wind over La Paz. The Indian lady seeks relief from any source for her sick infant.

Bolivian Pastors, Tomas and Julio during a break in the 5-hour class

Visión R.E.A.L. students meet weekly in **Bolivia** to prepare for greater ministry. Roger personally introduces the material in each country and a leader takes it from there. These pastors & candidates then take the teaching back to their own churches. **Bolivia, Peru and Mexico** are catching the vision of a 21st century reformation.
