

Seminary students in Tabasco practice "correcting" in a godly way...using principles from our Christian Leadership book.

Roger plays the person needing correction. The others get to observe how the student does. They never know who will be called on next!

A song is never far from the hearts of Bolivians.

Roger makes use of standard "furniture" in a Pastor's office in Mexico. Perfect after teaching all day in the heat!

Did you feel the earth shake on July 31? That's when we did a little dance in our den over the arrival of 1000 copies of our Christian Leadership books. Already 200 have been mailed out to Latin America. If you wish to order any for Hispanic friends, click here: <http://www.smallings.com/Books/Buy/ad.pdf>

Reformation in Latin America

Pray for the leaders of our Vision REAL centers. Carlos (Mexico) and Josue (Peru) have suffered the loss of their jobs. Others experience political unrest in their region.
