I'm never having kids.  
I heard they take nine  
months to download!

Speaking of downloads, over 6,000 of our books were downloaded free from our [web site](http://www.smallings.com) in 2013. We enjoy hearing from folks who use them for study and discipleship.

Onesimo, a Brazilian missionary, teaches our Christian Leadership course to a local congregation. Please continue praying we can get all our books published in Portuguese hard copy right there in Brazil.

It's exciting to see folks we never knew, using these resources.

From a Pastor in the Yucatan, Mexico . . .

*It's been 10 years since I read your book on grace. Ever since, I have made it required reading for members in my church. It has been a principle tool and the best presentation for teaching grace that I have found.*

Next, we go to Mexico to teach the Doctrines of Grace, Christian Leadership and Devotional Life. [Pray for safety, anointing and Roger's continued shoulder improvement.](#)
