

A revival of grace is taking place in in Mexico. God is answering your prayers for reformation in Latin America.

Over a hundred people attended our seminars on grace. We used our new study guide.

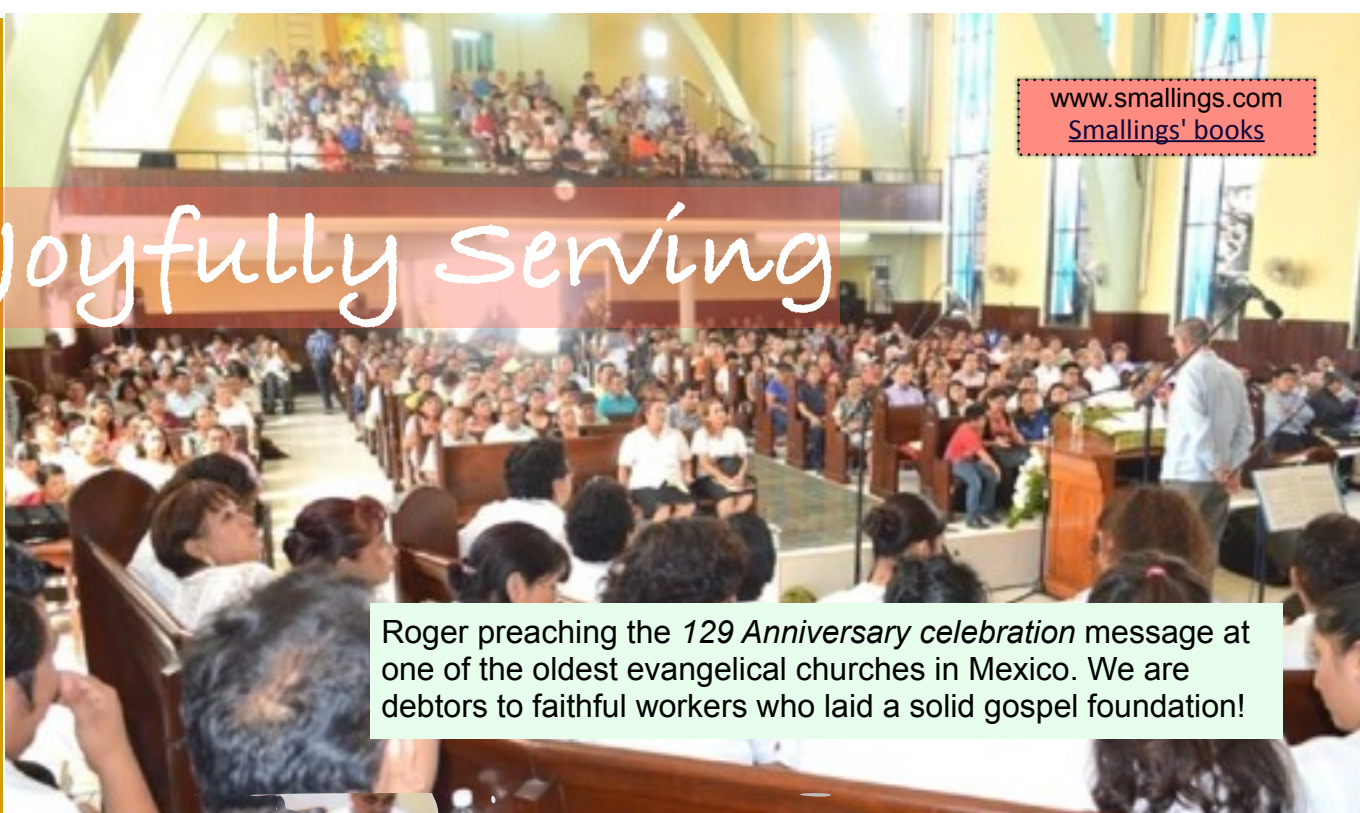

Usually a local church is our classroom. They are beautifully painted and lovingly cared for.

Folks shared how even in the remote regions of the Yucantán, people are drawn to Christ through the grace message of our book.

Roger preaching the 129 Anniversary celebration message at one of the oldest evangelical churches in Mexico. We are debtors to faithful workers who laid a solid gospel foundation!

Dianne blends right in with the Latin ladies. The women bless her with lovely things, like this typical blouse.
